

TSACG is pleased to provide the Financial Wellness Center (FWC). The website contains 9 modules that allow participants to watch any of the 11 videos, read up to 74 educational articles, or utilize 56 planning calculators curated for the specific needs of educators.

Budgeting

Developing and maintaining a household budget helps you with every aspect of your financial life. This site will help you become more informed about your finances and will help you establish a budget, stay on budget, and learn to more effectively manage your money.

Saving for College

College can be a great investment for your future — or the future of your children. The resources on this site will help you address critical questions you have.

Retirement

As you consider your golden years, use the resources on this page to learn more about your options for retirement. You will find effective calculators and articles. You can also watch a number of videos that will help you better understand how to save for retirement.

Debt Elimination

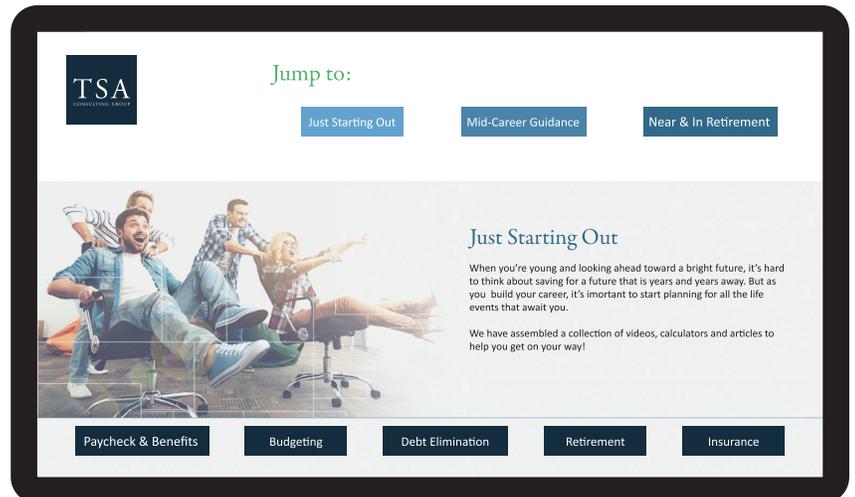

Getting out of credit card debt — and any other debt — can free up a lot of money every month. It will also improve your credit score and give you financial peace.

Investing & Saving

Once you have gained control over your personal finances in the critical areas represented on this site like your budget, your mortgage, insurance, and saving for college, you may be ready to begin investing some of your money. This is a big step, and an important step to establish a nest egg for the future.

Insurance

Insurance can protect you and your loved ones in case something goes wrong, but premiums can add considerably to everyday expenses. The FWC offers these unbiased resources to help you find the right insurance coverage for your situation and needs.
